## **Sipping Morning Coffee Raises £1,000; Drybrook**

The Gloucestershire Citizen, October 25, 2011, Pg. 5

A MACMILLAN coffee morning in Drybrook raised over £1,000.

The event on September 30, part of the charity's World's Biggest Coffee Morning, was hosted by timber and builders' merchants Hale and Co (Drybrook) Ltd.

Visitors snapped up cakes and cookies and the company had also teamed up with appliance brand Neff to provide free cups of coffee in return for a donation. The proceeds have now been counted and the event raise £1,080.

Sue Arnold, who organised a raffle on the day, said: "We are really pleased with the total.

Many local companies had generously provided over a hundred prizes which is just fantastic".

The World's Biggest Coffee Morning is Macmillan Cancer Support's largest annual fundraiser.
