

More than just a Builders' Merchants!

ONE of the largest suppliers of products to the building and home improvement sector in the Forest of Dean and surrounding areas, Hale & Co announces the opening of a new kitchens and bathrooms showroom.

Customers now have the opportunity to see an unparalleled showcase of kitchen and bathroom designs. The exquisite showroom, displaying traditional and contemporary stylish interiors from some of the leading manufacturers and brands in the industry, provides the ideal inspiration to explore, design and create. With walk-through displays and settings to suit every home and budget, the showroom also includes the latest granite and laminate counter-top materials, colours and finishes, built-in appliances, and decorative hardware.

Updating or replacing a kitchen and/or bathroom can be a great investment, adding both value and style to your home. The kitchen, often regarded as the "centre of the house" reflects the character of the home, while the current trend towards fitted furniture in

bathrooms or adding an ensuite builds quality and flexibility into people's lifestyle.

We maintain traditional high standards of customer service while embracing the latest technology. Our experienced design team make home visits to measure for kitchens and bathrooms, discuss your requirements and produce full computerised plans and costings.

Customers also have the chance to take a closer look at the range of stoves and cookers in the recently opened Range & Stove Studio, in the same building, and can explore the benefits of these traditional heating and cooking systems. Traditional craftsmanship, using the latest technology, gives flexibility and choice – whether it is gas, electric, oil, multi-fuel or wood-burning, modern or traditional – there is a model to suit your needs.

We hold a number of informal Rayburn cookery demonstration evening events in our studio to demonstrate the qualities and versatility of Rayburn products. As well as basic demonstrations, which show how to get the most

from your cooker, we are happy to answer your questions. If you'd like to attend or just find out more information simply contact us.

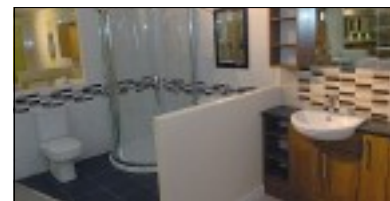

Hale & Co operates out of a seven acre site near Drybrook. Whether you're building, repairing or improving, indoors or outdoors, trade or DIY, we have a huge product range so we are a "one stop shop" for your needs.

Hale & Co has successfully combined the traditional builders' merchants, providing a full range of heavy-side building products such as timber, landscaping materials, drainage and groundwork products, with the

self-selection approach favoured by DIY customers. You can browse in the spacious store, which stocks painting and decorating products, ironmongery, hand and power tools, tool accessories and work & safety wear.

Hale & Co prides itself in providing a speedy and efficient delivery service via its fleet of 11 vehicles. The delivery service is generally free within the local area and features crane-offload and tail lift facilities throughout.

For more information call Hale & Co (Drybridge Ltd) on 01594 545300, go to www.haleco.co.uk or email sales@haleco.co.uk
